HOLY ANGEL'S HARP - 2ND DAY

Sunday morning we started out bright and early. We were to attend mass in Whitefish. When mass was ended we contin- ued on our way. Passing through Sudbury we happened to sight the "Big Nickel" so we decided to visit it. We were brought down to an old nickel mine quite a number of feet underground

Later we were taken for a train ride right around the big nickel. When the tour was ended we continued on our way once more. Later we stopped at a park and had lunch. Other stops were Waubaushere and Barrie.

About 4:00 we reached the outskirts of Toronto and were amazed with the traffic. We all reached St. Michael's College except one car but he eventually made it. We checked in around 5:30. At 6:00 we all joined together in front of the cafeteria which was to be our eating quarters for that week. In the evening a group of us took a walk down to Yorkville. Most of the shops were very interesting. We re- turned to the College and explored the grounds then turned in for a long rest which we all needed.

Stay tuned for 3rd day in next week's issue.
