the course in general. The remainder of the two weeks was spent on recreation, canoe trips, arts and crafts and putting our newly-acquired knowledge to use.

The resident staff were assisted by counsellors from Lakehead University and Centennial College in Scarborough.

The course brought thirty-four students from different high schools across Northwestern Ontario and Manitoba, thus bringing different personalities from different environmental settings into one condensed setting.

I take this opportunity to thank the Kinsmen of Schreiber for a worthwhile experience.

**LAST TRIP TO OTTAWA DAY**

We had a good start and were now on our way home. We were happy but also sad in a way because we were leaving our dream world. It was going to be a long trip home. We were to stop at Sister Gail's Mother's. There we were served pop and doughnuts.

We were on our way again, sleeping part of the time and singing the rest. It wasn't such a long trip after all because we were scheduled to arrive at Schreiber around 10 or 11 p.m., but ended up getting there at 9.

In no time we were on the outskirts of the big town of Schreiber. The trip was finished and the work started again because our schedule for Monday was SCHOOL.

We wish to thank all the people who made the trip possible - for the great memories of our wonderful trip will remain with most of us forever.
