SCHREIBER DETACHMENT O.P.P. PRESS RELEASE

There were no reports of Thefts or Break and Enters this past week.

Several windows have been broken by vandals at the Schreiber Public School during the night of September 27, 1970. Parents are urged once again to have their children at home as soon as the "curfew Siren" is heard. If children are found loitering around after the curfew, they will be warned and any subsequent notice will result in the parent and child being summonsed to Family Court.

A number of complaints have been received of children assaulting other children on the way home from school. This practise must be discontinued forthwith. This type of offence can also bring the parent and child before a Judge in Family Court. Parents are asked to teach their children to play in harmony.
