## COUNCIL QUOTES

Preceding the regular meeting of Town Council, members of the Royal Canadian Legion Branch 223, Terrace Bay, President George Churney and Pat Jones, along with Recreation Director, Gerry Dupas, met with Council to discuss the proposed joint celebration for July 1st, 1971. It was suggested a committee be set up between the Legion, the Recreation Committee and a member of Council to give further study to this matter.

President Churney requested permission to fly the Poppy Flag on the Municipal Building on November 7th, for Remembrance and to sell poppies on November 6th. Both requests were granted.

Under correspondence, an estimate from Ken Johnson was accepted to tie in the storm sewers from Lakeview Drive to Fort Garry Road.

In a letter from Frank Anderson, Chairman of the Recreation Committee, it was stated that all league bowling will be treated as the Terrace Bay Bowling Association, that is to insist that existing membership policies apply to all organized league bowling. Mr. and Mrs. P. Rochon, proprietors, have been so informed.

CKPR TV Channel 2, regretfully advised Council that due to a ruling made by the Canadian Broadcasting Corporation, the TV show, Reach For The Top, is unavailable to CKPR.

Teresa Ramsay of the 1st Terrace Bay Land Rangers requested permission to hold a bottle drive on October 17th, permission granted.

The Canadian Transport Commission advised of a hearing to be held in Thunder Bay Council Chambers, commencing October 22nd in connection with the proposed cancellation of the Canadian passenger service.

## LOWER PREMIUMS FOR DRIVER ED GRADUATES

The Canadian Underwriters' Association has decided to give further reductions in insurance premiums to drivers under the age of 25 who have successfully completed an approved driver training course.

In addition to the present 15 per cent discount to graduates from such courses as High School Driver Education, the young drivers will be jumped a Driving Record category in relation to Third Party Liability and Collision coverage.

The beginning driver will be given credit for one year of accident free driving giving him or her an additional reduction of 13 per cent in premiums for a total of 28 per cent.

Young drivers accident free for one and two years will be jumped to the two and three year accident-free categories for an additional saving of eight and 13 per cent respectively. The three year category is the lowest rated section.

If the drivers get into an accident, they will be reverted to the highest-premium zero category but still receive their 15 per cent discount.

The Association said it hopes these reductions will stimulate young drivers, particularly the beginners, into taking advantage of approved driver training programs. It would also extend greater recognition to graduates of such courses. The new rates went into effect at the beginning of the month.

The Association represents firms covering about a third of the automobile insurance market.
