

This is where you're sure of prescriptions at reasonable cost!

Is the PARCOST symbol displayed at the pharmacy where you get your prescriptions filled?

If it is, you can be sure your pharmacist is interested in helping you obtain prescriptions at reasonable cost. Concern about both quality and cost of drugs, and interest in the patient who pays the bill, is the whole theme of the PARCOST program.

A copy of the PARCOST Comparative Drug Index that your Ontario Department of Health has sent to your doctor, is in constant use in pharmacy dispensaries. This authoritative Index of quality

drugs enables your doctor and your pharmacist to see at a glance the differences in cost of various manufacturers' drugs of the same formula and strength . . . and to be aware of cost when prescribing or dispensing your prescription.

As the PARCOST program gains more and more support from physicians and pharmacists, the end result will be to lower the average cost of prescriptions in Ontario.

You can help hasten this day by always getting your prescriptions filled at a pharmacy where the PARCOST symbol is displayed.

Ontario Department of Health

The Hon. Thomas L. Wells, Minister

RECREATION TIPS

You would think that checking guns for safe, useable condition would be the first thing a person would do when planning a hunting trip. And yet every year hunters are killed and maimed for life because they were using defective firearms.

The Ontario Safety League warns, before using a gun be sure the stock is tight, the action closing properly and the barrel clean and unobstructed. Never put the muzzle of a gun in soft earth or snow; the result could be a burst barrel on your next shot.

Money Order System -

cont'd from page 5

The billfold-size money order is pre-printed, except for the date, office number, amount and currency, in machine-readable characters. Small, typewriter-size imprinters, developed by Addressograph-Multigraph of Canada Ltd., add the additional information to the forms at the time of purchase. Installed in post offices and sub-stations across Canada, the imprinters allow wicket clerks to record the amount and other details at the time of purchase, quickly, uniformly and accurately. The names of sender and receiver of the money order are filled in by the customer himself, ensuring him complete privacy.
