These new colleges of applied arts and technology offer diploma courses in everything from biochemistry to air traffic control. We need a vigorous economy of course, to support these important programs. And, that's where you come in. Though our productivity has doubled in ten years and our incomes in twelve, Ontarians don't sit on their successes. There's a demanding decade ahead full of challenges and opportunities to make the quality of our lives better yet. To meet these challenges we've got to believe in ourselves. Which, when you think about it, isn't such a bad idea.

be here if there was any place better. We are people who came from a hundred lands and stayed to build. People with backbone and brawn and a hunger to succeed. Men and women who've created a standard of living in decades that other lands worked centuries to build. If we have a flaw it's our chronic modesty. Ontarians may be proud to be Ontarians and Canadians... they just seldom tell anyone. From an economic point of view that's wrong. The more people we have boosting Ontario and Canada the better it is. And we've got a lot to boost with. Our education system is a good example. MOTHERS-ARE YOU INTERESTED?

Thus far, one person has indicated her willingness to assist with Ringette for the coming winter season. We need more help. If we find ourselves unable to recruit more assistance, the Ringette programme unfortunately will have to be cancelled. As mentioned in last week's NEWS, arrangements can be made to hold sessions at times convenient to those willing to assist.

WITHOUT YOUR ASSISTANCE, 50 GIRLS WILL BE UNABLE TO PARTAKE OF THIS PROGRAMME. IT WOULD BE A SHAME TO CANCEL SUCH A PROGRAMME AT THIS STAGE AS ALL OF THE GIRLS ARE MOST ANXIOUS TO GET THEIR LEAGUE STARTED. Rules are simple and can be learned very quickly. If you are willing to assist, please call us right away at 3542.
