MR. K. PENNER WELCOMED BY T.B.H.S.

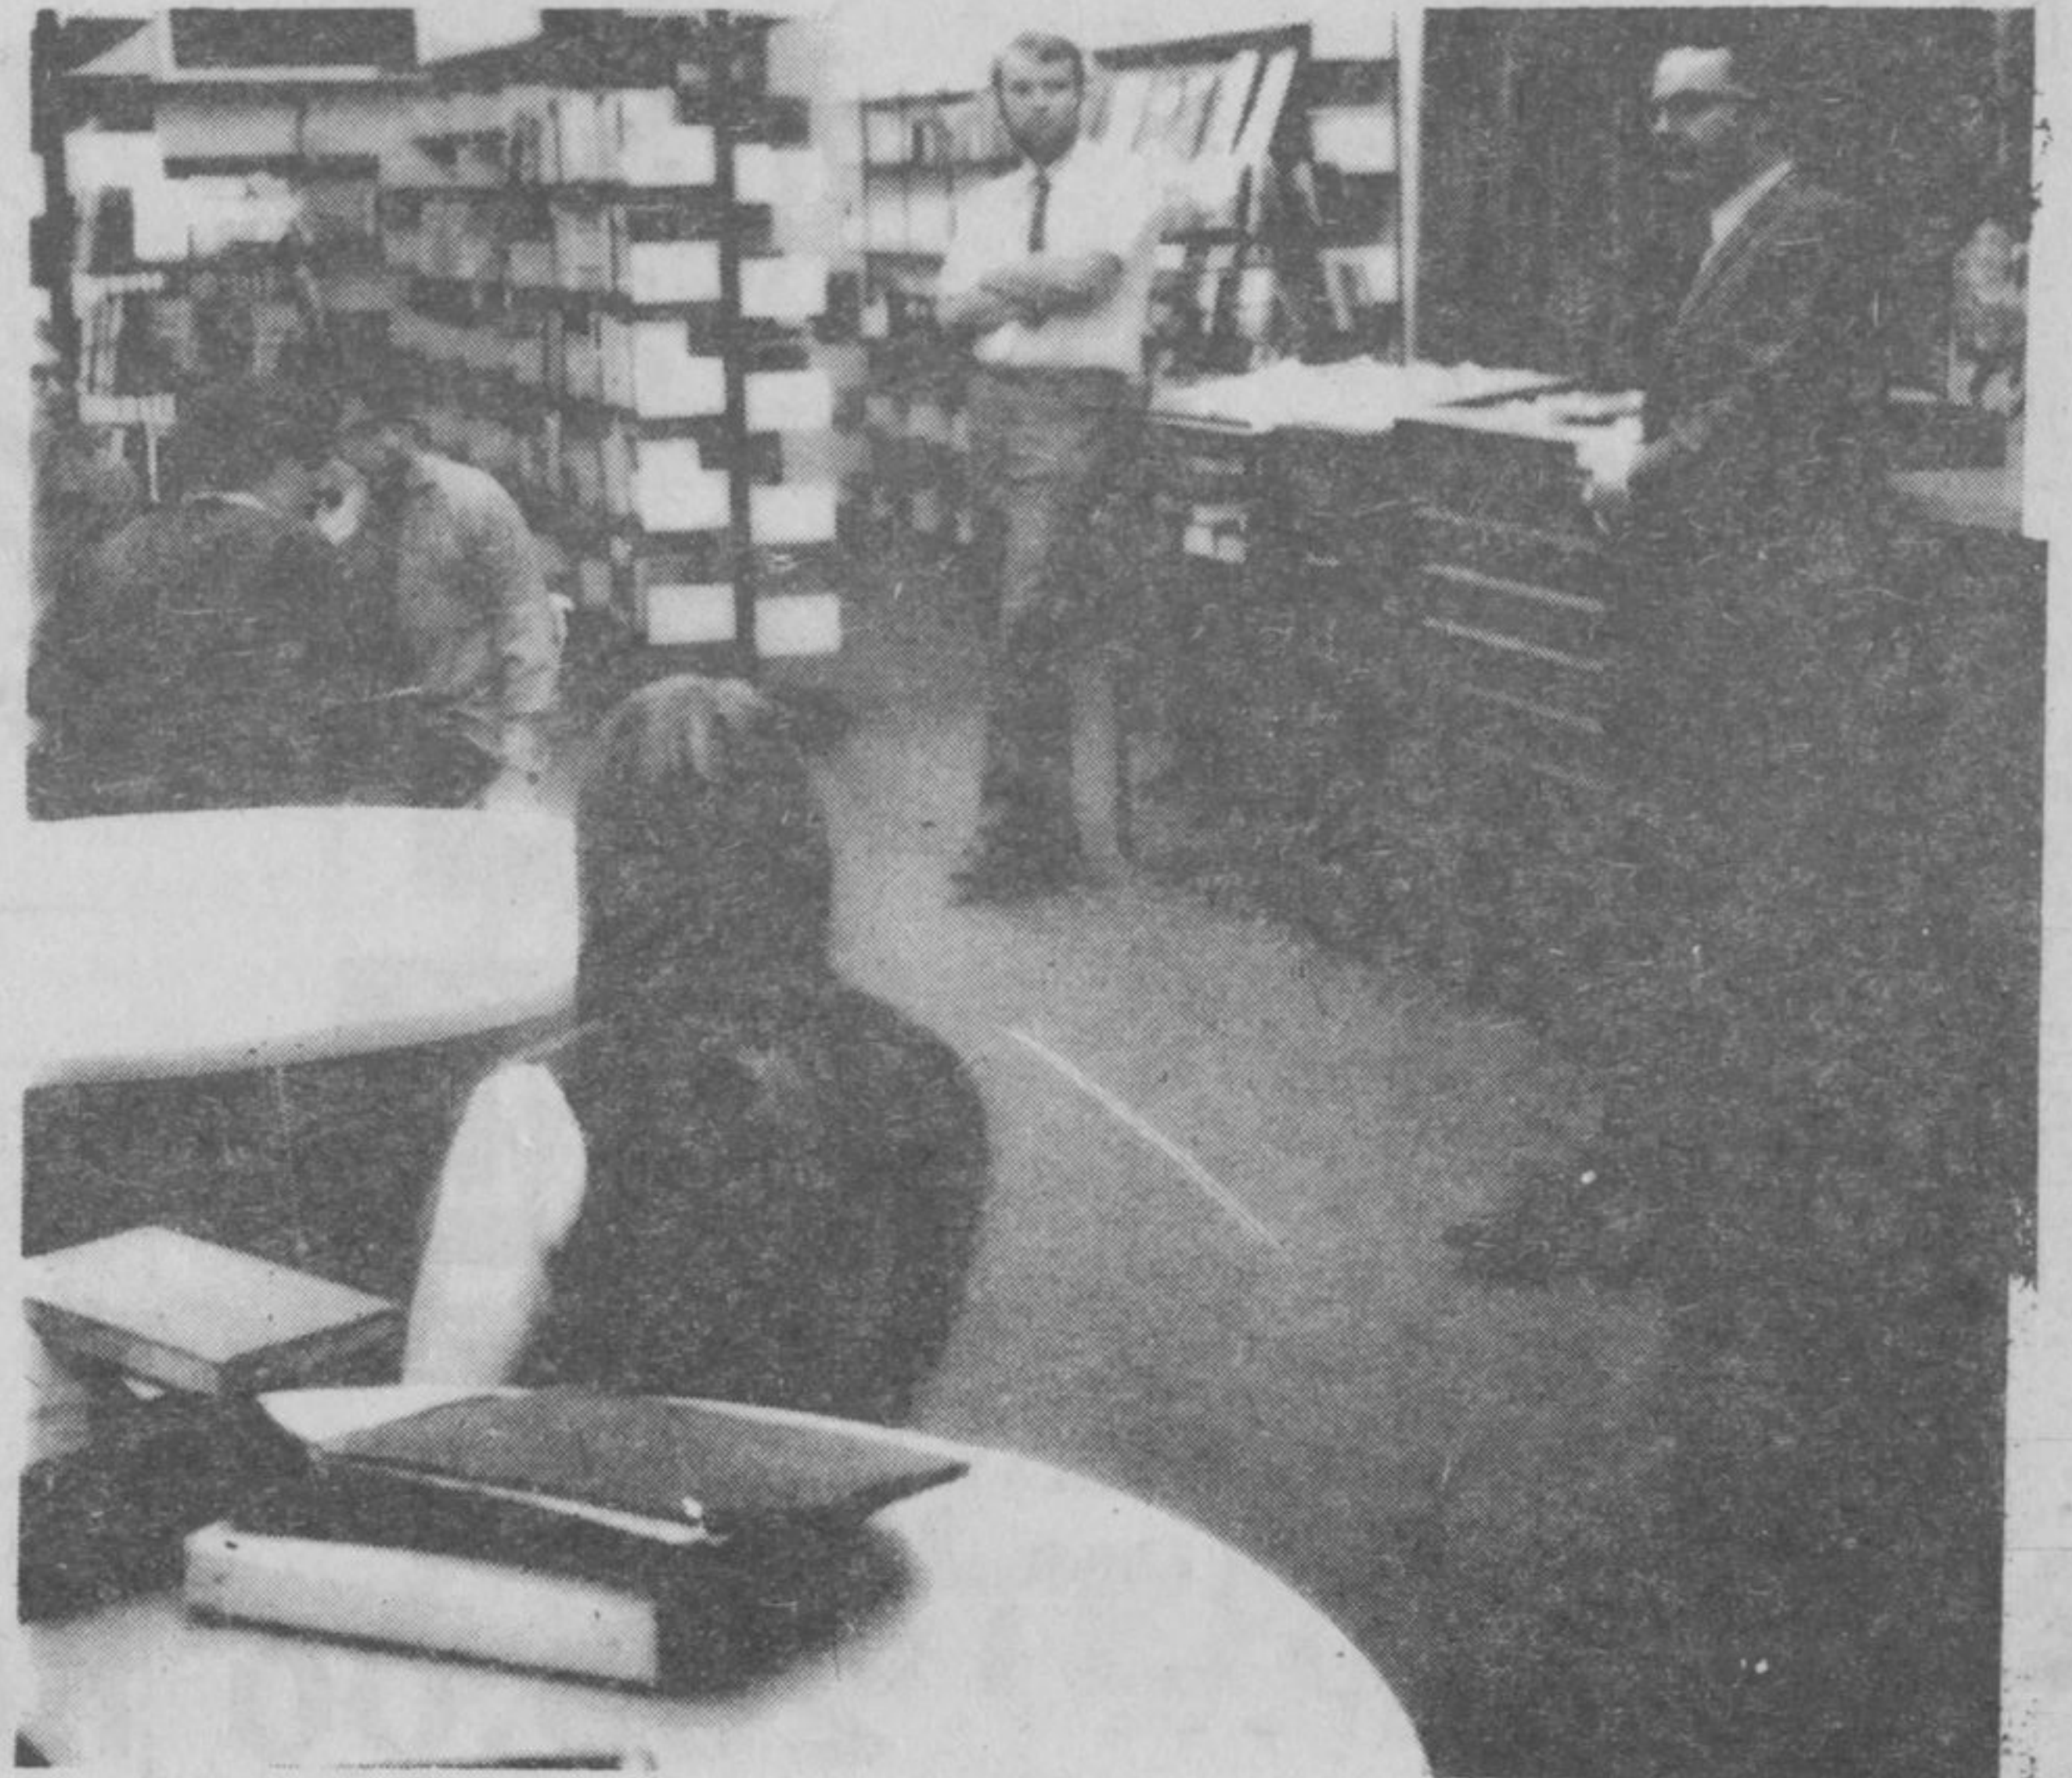

On Wednesday, December 9th, the students of Terrace Bay High School were most fortunate to have Keith Penner, the Federal M.P. for this area, visit and talk with them. Instead of a formal speech, the floor was open for questions. Various topics were discussed. Among these, the question of lowering the voting age to 18 was discussed.

Mr. Penner stated that Parliament had passed this. Another question dealt with legalization of marijuana. Mr. Penner pointed out that this was probably the most explosive issue open in parliament at present. He went on to explain that research was being

done and must be analysed before a conclusion could be drawn by parliament.

Several other topics were discussed and soon it was time to go. Mr. Penner concluded the discussion by telling the students that many problems are evident in Canada and only the perseverance of the people could solve them.
