1971 membership cards are to be ordered and will be available shortly from any member of the board of directors.

The spring General meeting will be held on Friday, April 16 in the large meeting room of the Recreation Centre, for which we hope to obtain a series of slides, with commentary, by Malak Karsh; dealing with all aspects of spring flowering bulbs.

Tentative plans were made for 1971 public planting projects, and for a bedding plant sale early in June. It was decided that membership premiums this spring will again be Fibrous Begonias, as they proved to be a popular choice last year.

It was decided that the Society will give up the Horticultural Garden Plots because of a lack of interest by its members in recent years.
