

FIFTH YEAR REPORT CARDS

Fifth Year Students at Schreiber High School will be receiving their report cards on Monday, February 15th. The students are to retain the photostatic copy and return the original, signed by a parent, to the School. Parents wishing to arrange an interview may do so by telephoning the school 824-2555 for an appointment.

OPEN SCHOOL

Monday, February 8th, Schreiber High School held a successful Open School. Interested citizens were able to observe numerous displays in several subject areas as well as activities actually in progress.

In the commercial room with a communication theme, students demonstrated the use of business machines and typewriters. A Data Processing display was viewed in the other commercial area.

Mathematics projects were displayed in the Mathematics room.

In the Science room experiments illustrating concepts in physics were carried on by students with scientific interests. Biology and chemistry displays were also viewed.

The gymnasium which was active during the entire evening was the scene of gymnastic and badminton demonstrations, folk dancing and cheerleading.

English students demonstrated the function of the S.R.A. reading laboratory. An E.T.V. production was shown as well as an illustration of the E.T.V. Equipment.

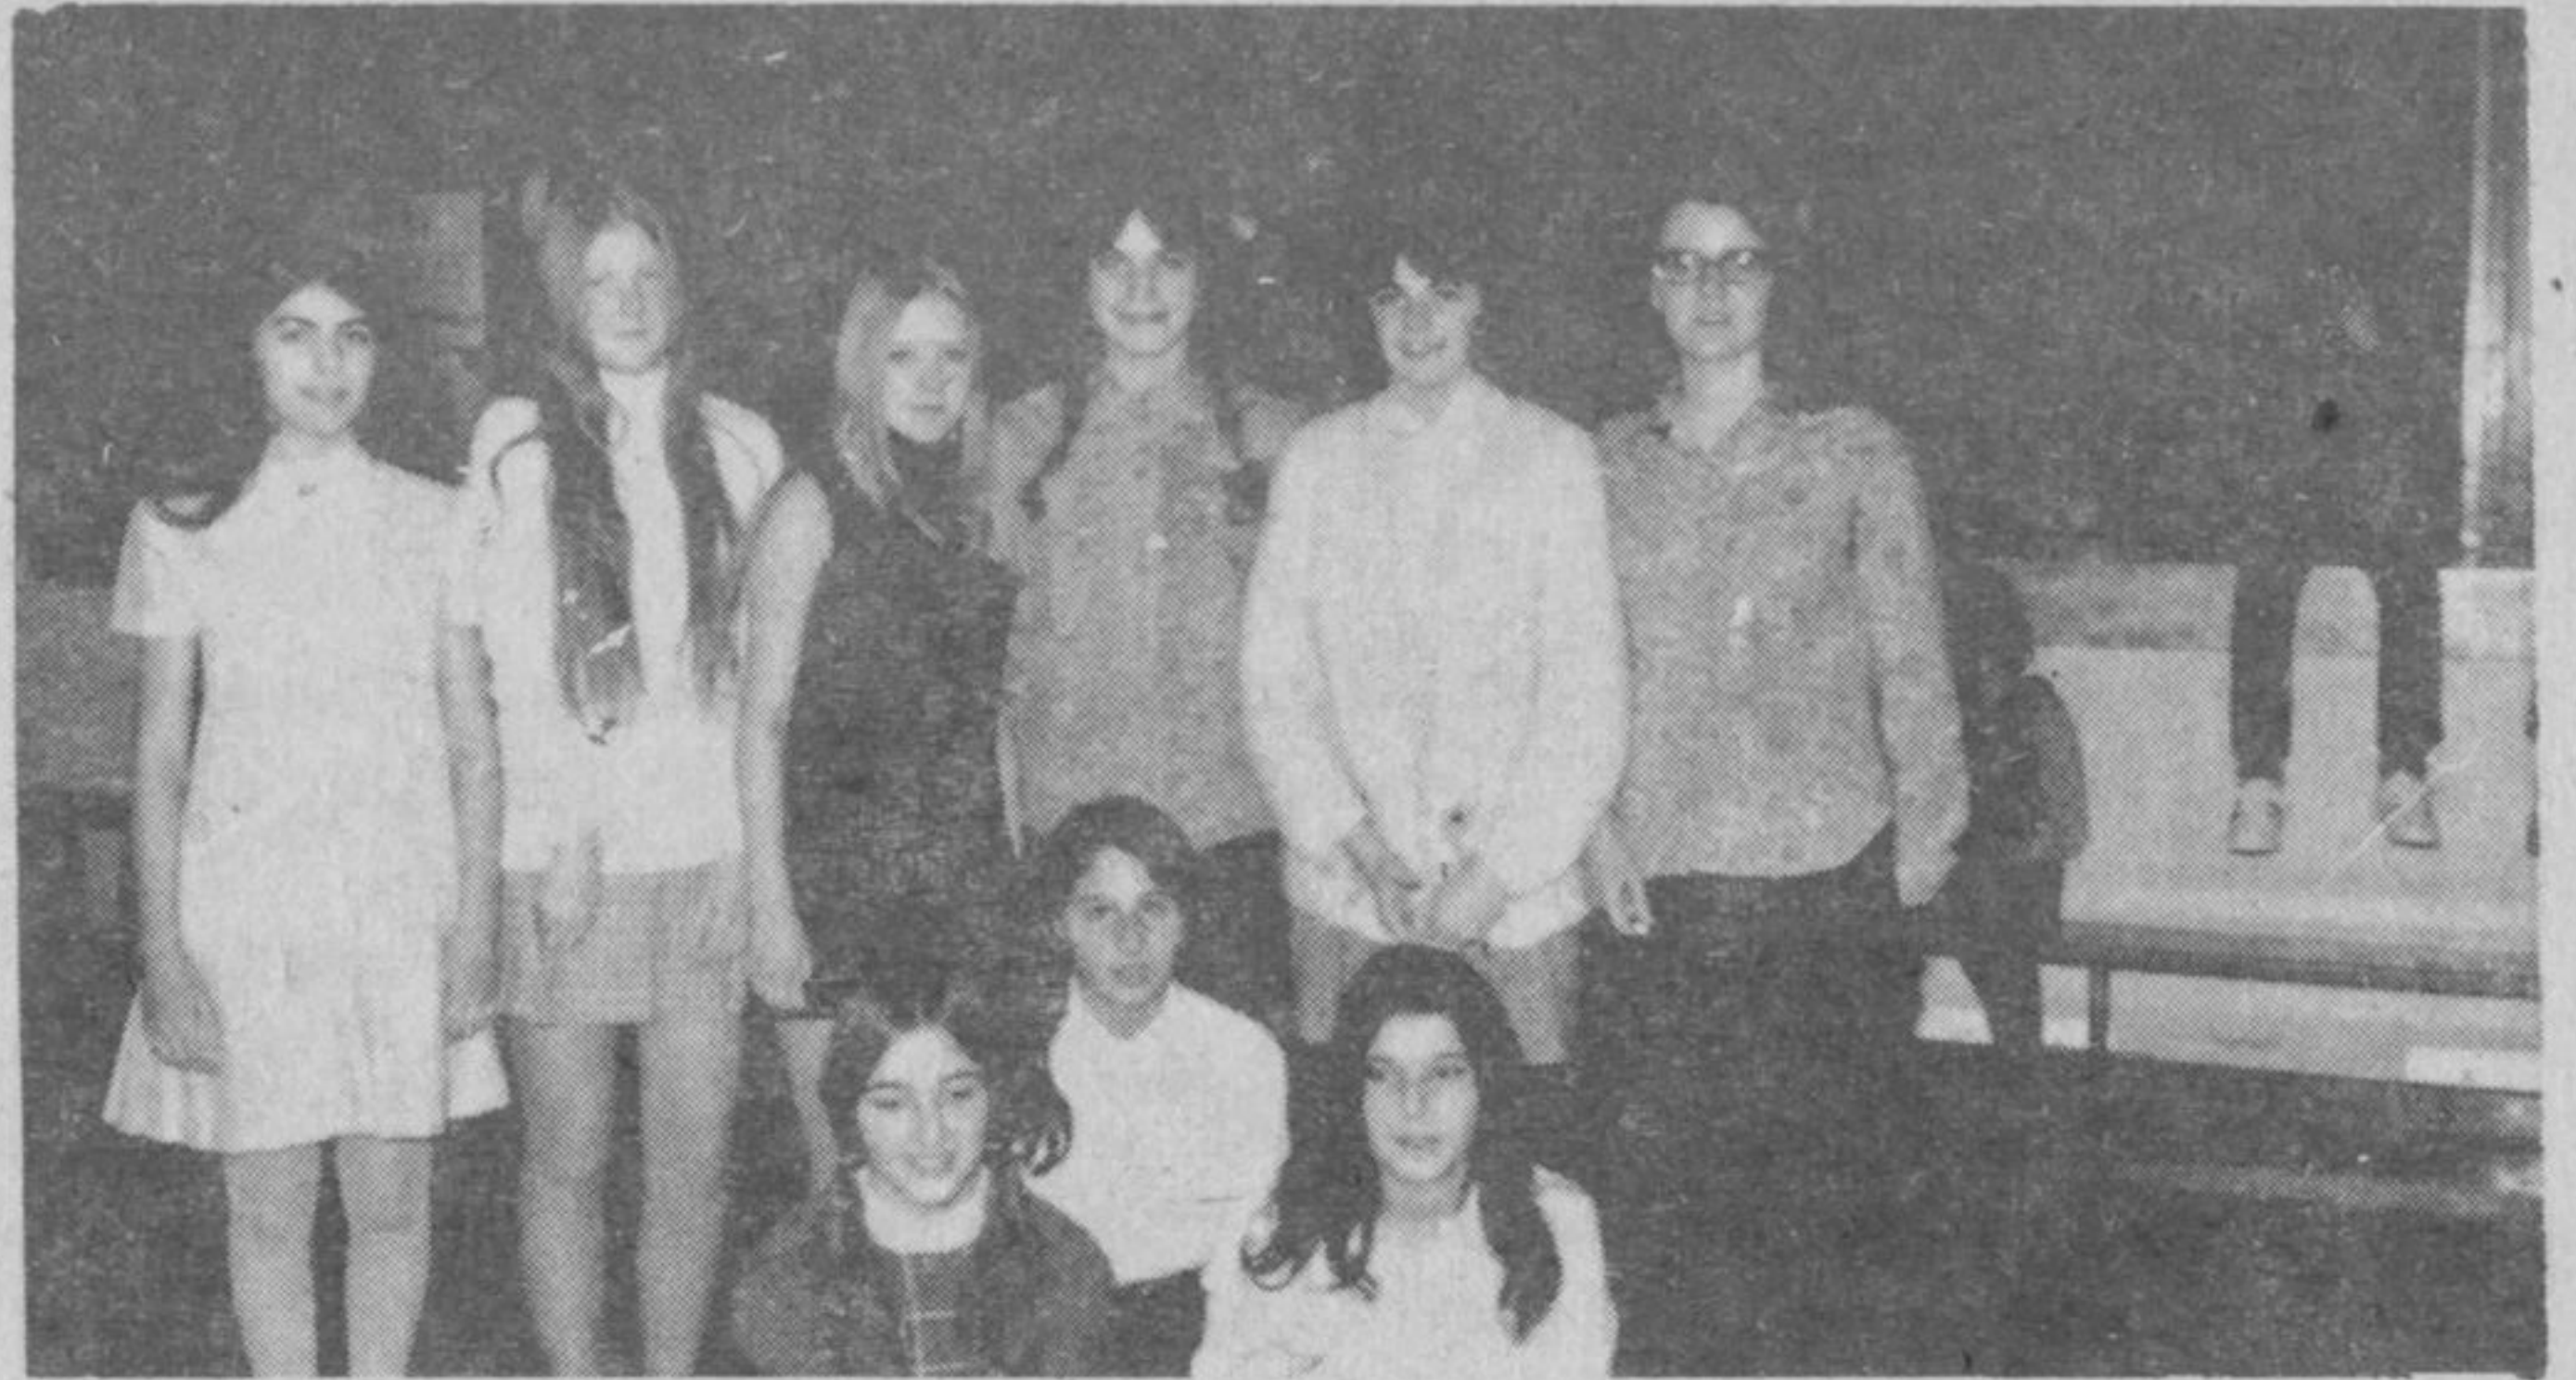

The Geography room held many pictorial displays, aerial photographs, costumes and artifacts of various countries as well as a demonstration of visual material production.

The atmosphere in the French room was set by the attractive posters and the singing in French by a group of students.

A Canadiana Display and various posters set the theme for the History Room.

In addition a display of Guidance and Library materials were available in the respective areas.

Appreciation is extended to the Schreiber High School Home and School Association who provided coffee during the very enjoyable and worthwhile evening.
