Methods to reduce costs in the operation of the school district under the control of The Lake Superior Board of Education, and, Methods to improve the co-operation of the Terrace Bay and Schreiber High Schools, including a review of present and projected programs; present and projected administrative procedures, with particular attention being made to the concept of a single school with two campuses; and, including a review of the apparent problems relating to Terrace Bay students in Grade XIII.

This Committee would be encouraged to communicate with all interested parties in the performance of this study and to prepare a formal report of their findings for distribution to the Board by March 13th, so that the matter may be considered at the March 20th, Board meeting.
