PUBLIC NOTICE

Being Spring Clean-up time again, I feel it is unnecessary to remind the great majority of our citizens of Terrace Bay's reputation for cleanliness, but, by the same token, also remind the odd careless householder that Council intends to take action to clean up any properties at their expense considered unsightly.

May I at this time bring to the attention of all, the fine job the Kimberly-Clark Co., in their concern for our municipality, has accomplished in the clean up of the beach area. I would exhort every family to take advantage of this fine summer playground and exercise your responsibility in this community asset by making certain that it is left as clean as you find it.

W.E. Cavanaugh, Reeve,
Township of Terrace Bay.
