

Open House - cont'd from page 19.....

that our society will be obtaining some responsible auto mechanics in the future.

For those who liked a variety of trades the boys and girls occupational shops gave them this - welding, carpentry, auto maintenance, small motor repairs, hair setting, sewing and cooking.

The Girl's Occupational class served coffee and fresh donuts (made on the job).

The day was most enjoyable and the students and staff were most pleased to see all that came out.
