

ELEMENTARY HOME & SCHOOL ASSOCIATION - Cont'd from page 26 ..

Tentative plans were started for the Grade 8 Graduation ceremonies latter part of June. Further information on this will be given at the May meeting.

The May 6th regular meeting is being scheduled to take place in Rosspport at their invitation and will be held at the newly-renovated Rosspport Recreation Community Centre. Mrs. Margaret Averill, Special Education Consultant for the Lake Superior Board of Education will be the guest speaker that evening. She will speak on the work that the Special Education Programme has done in the Schreiber Public School during the 1970-71 school year. She will also speak on "What parents can do for their children during the years prior to entering Kindergarten". It is hoped that as many Schreiber members will attend as possible and everyone will meet at the Schreiber school at 7 p.m. where transportation will be available. There will also be an opportunity for Rosspport parents to have interviews with the staff in Rosspport prior to the meeting. Mrs. C. Wilde offered to convene the social to follow the meeting.

Students from Grades 4 to 8 in both the Public and Separate Schools in Schreiber will be allowed to attend the Choral Concert to be held on Tuesday afternoon, May 4th in the Schreiber High School. This is a Mixed Choir from the University of Western Ontario, London, Ontario and is being sponsored by the St. John Ambulance Association in Schreiber.

BOOK PRESENTED TO LIBRARY

The book "One Million Children" was presented to the Schreiber Public Library by the Schreiber-Terrace Bay District Association for the Mentally Retarded, Roly Sinotte making the presentation.

This highly significant publication is the result of more than three years' study set up by the Canadian Mental Health Association, Canadian Welfare Council, Canadian Education Assoc., Canadian Conference on Children and Youth, Canadian Association for the Mentally Retarded and Canadian Council for the Rehabilitation of the Disabled.

The book deals with the developing child, the child as a student, new proposals and programs, the child in residential treatment, the role of the various helping professions and the citizens' role.
