RESTAURANT OPENS

A lovely new restaurant has been opened in Terrace Bay - it is in the same location as before, but it has the "New Look" - modern decor, shiny new furniture and fixtures, bright touches of colour in the blue flowered drapes and the comfortable orange chairs.

In the dining area, beautiful red table cloths add a touch of elegance. Added to all this, rug covered floors make it a place to be proud to bring your family and friends. - Continued next column .....

In chatting with Mr. Adamo, we found he stresses the fact that the residents of Terrace Bay are the people for which the restaurant was primarily remodelled and he hopes they will feel welcome to use the facilities the year around.

Mrs. Bert Duncan is the charming Dining Room Hostess.

Congratulations, Olga and Joe.

Forest Protection Needs Roads - Ready access is one of the most important factors affecting size of forest fires.

The more remote an area the more likely forest fires will get out of control before they are reached.
