

LETTER TO THE EDITOR - Cont'd from page 22 ...

Special thanks to the executive of "Spy" on the way it was handled.

The young people of Schreiber should be thankful they have such a hard working group of teenagers working for them and should give them all the support they so gratefully deserve.

We know how much hard work and time goes into planning the activities they organize as we are the parents of one of these groups. Maybe if we adults gave them more credit for what they do and remember some of the things we did at that age, we wouldn't be so quick to criticise, and if the young people think of us as being their age once, we could meet each other halfway.

Don't get us wrong, we don't condone stealing and vandalism and everything should be done to put an end to it.

Parents.

WEEKLY REPORT FROM THE

SCHREIBER DETACHMENT OF

THE ONTARIO PROVINCIAL POLICE

During the past week members of this detachment investigated four occurrences involving liquor violations. All investigations have resulted in charges being laid and will be disposed of by the courts in May.

On April 20, 1971 the eastbound lane of Highway 17, east of Steel River was blocked, as a result of a rock slide. Prompt action by the Department of Highways had the lane cleared and open to traffic later the same evening.

As a result of an enquiry April 21, 1971 from the Oshawa Police Department, two missing persons were located in Schreiber and arrangements were made to have them returned home the following day. Investigation conducted by Constable Anderson.

When children play on a sand pile many thoughts of adventure and excitement race through their heads, whether it be the construction of a major thoroughfare or in search of hidden treasure. You can imagine the expression of the faces of a group of children at play in the back yard of a house on Drummond St. when they unearthed a diamond ring valued at \$150. The ring was reported lost on March 1, 1971.

Constable Lapworth is presently investigating two break and enters the first occurring early April 23, when the back door of the Schreiber Post Office was smashed. The interior did not seem to be disturbed and it is believed the culprits were scared off by the mail truck. While this occurrence was being investigated, Constable Lapworth was advised of a similar break and entry at Spadoni's Garage. Entry was gained through double - continued next column ...

doors into garage and forcing a window into the Parts Department where the theives made off with \$500.00 worth of merchandise. Both incidents are still under investigation.

There were no accidents or other similar occurrences reported during the past week in regards to traffic. To date members have investigated 22 motor vehicle collisions where as, during the same period in 1970, 35 collisions had been reported showing a decrease of 37% over the two years.

The following is a reprint from Ontario Traffic Safety, April 1971:

"Your car's just gone through the wear and tear of winter driving....now is the time to make sure it's in shape for the miles of summer travelling ahead.

Ontario Traffic Safety (and your police forces) reminds motorists that only regular maintenance plus thorough check ups can catch car defects before its too late. Some 10% of Canada's half million reported motor vehicle collisions involved mechanical malfunctions.

Check your car this spring....check collisions."
