

SCHREIBER
DETACHMENT
WEEKLY
REPORT

During the week from April 28/71 to May 1/71, members of this detachment investigated one liquor violation. Charges have been laid and will be precessed through the courts in May.

Mr. Michael Zombori, 430 Main St., Schreiber, reported that during the night of April 28, someone punctured three tires on a vehicle parked near his yard. Investigation is continuing in an effort to locate person(s) responsible for this senseless act of vandalism.

A report of prowlers was received on April 30, and investigation located suspects. The public is to be commended for their co-operation in reporting and assisting police in such matters.

There were no motor vehicle collisions during the past week. The public is to be commended for the reduction in collisions over the same period last year. The safest vehicle is still the one not involved in an accident. If the present trend continues there will be many homes saved from the tragedy of having a family member injured or killed in a collision. Moose will be soon coming onto area highways. Reduce your speed at night, particularly as these animals will give little warning of their presence.

Studded tires are no longer legal and must be removed. Replace them with tires having good tread. Worn tires are dangerous and can blow-out or cause unexpected skids.

PARENTS - make sure your children have put their bikes away before dark, unless properly equipped with lights.

During the week from May 2/71 to May 8/71, one liquor investigation was conducted resulting in a Schreiber youth being charged under the provisions of the Liquor Control Act. Subject to appear in Provincial Court this month.

On May 3, a local machine operator contacted this office and advised that person (s) were tampering with machinery that was parked at a site after work was completed. Investigations are in progress and anyone found tampering with this machinery will face the courts.

Constable Lapworth is presently investigating a theft of monies from a private residence. Entry was gained by walking through an open door and removing the money from a counter top where it had been left for a delivery man. The residence was vacant for approximately 15 minutes. If you are leaving your house - lock the door.

Two collisions were reported during the period May 2-8/71. Both of a minor nature.

On May 2, Constable Bosley investigated a hit and run which occurred at McKellar Creek. A vehicle owned by Terrance Thompson of Manitouwadge was parked and unattended when it was struck on the drivers door by another vehicle that was in the process of turning around.

On May 7, at 11:25 p.m., Douglas Caldwell, Hudson Drive, Terrace Bay was proceeding west on Highway 17 when a left rear tire blew forcing the vehicle out of control and sliding sideways down the road. The vehicle struck the north shoulder and came to rest against the rock cut. Although the roof and left side of the vehicle were badly damaged, the driver escaped injury. Investigation was conducted by Const. Anderson.
