

# New Service for our Customers

Canadian Pacific plans to add a new link to its growing network of successful Customer Service centres across Canada by the expansion of the Customer Service centre at Sudbury to include the Schreiber Division. This centre will provide customers with a faster, more efficient and direct service covering all our operations.

You will be able to get in touch with the centre simply by asking your long-distance telephone operator for a toll-free Zenith telephone number. At locations such as Cartier, Chapleau, White River, Terrace Bay, Schreiber, Red Rock and Manitowadge local operating information can be obtained by calling the number listed in the local telephone directory. Or you can call in one of the Mobile Supervisors, who are especially trained to provide you with individual assistance.

Through this centre you will be able to: obtain information on all our services, rail, air, ships, express, hotels and telecommunications; make reservations; send telegrams. You can call 24 hours a day, 7 days a week. Experienced staff will be on hand to give you the information or assistance you need — when you need it. Mobile Supervisors will help you select types of freight cars, complete bills of lading, handle accounts, and look after your transportation needs. Their service will be faster and more convenient because they will come to see you.
