

**FIELD DAY - Cont'd from page 9 ...**

weatherwise and sportswise as well.

Track and field events got under way at 12:00 and lasted until 3:30. Students were divided into 3 Houses, with each student participating in at least one event, but no more than five. Everyone got a chance at either running against the wind in races around the track, soaring into the air in pole vaulting or high jump, spinning around in discus or shot put, leaping over the board in standing broad or long jump, or simply basking in the bright warm sun.

Final results: sunburn, exhaustion (experienced by both students and teachers), and a lot of winners. For the Junior Boys, Jack O'Javee was the most successful by placing first in four of his five events. Clarence Yates of the Senior Boys also won four firsts out of five events, along with Louise Brooks of the Senior Girls. Marilyn Kujbida and Theresa Falzetta both won three firsts in their events for Junior Girls.

House Three was the over all winner with 364 points. Next came House One with 225 points, followed up by House Two with 214 points. The Houses were broken down into Home Rooms, with Home Room 10 leading the way with 135 points.

Congratulations to - continued next column .....

all winners and also to those who came out and gave it a good try! Everyone really seemed to enjoy themselves and we all hope that this year's track team, chosen from the winners of the Field Day, will give an all-out effort in representing T.B.H.S. at the track meets in Schreiber and Manitouwadge, May 17 and 19th.

Dale Boutilier.
