ARTS AND CRAFTS ANNUAL SHOW

The Arts and Crafts annual show in the town hall had a most interesting display both varied and extensive. A large and appreciative crowd attended.

The exhibits included paintings, knitted and crocheted crewel embroidery, batik, metal welded sculpture, bread dough art, latchhook rugs and many others.

Many were surprised at the varied display entered by the other public school elective course students.

Coffee and cakes were enjoyed as the crowd strolled about studying the exhibits, many deciding to enter the classes in the Fall.
