STUDENTS ATTEND SUMMER PROGRAMS

Each year students are nominated for various educational programs offered during the summer months. To date, five students have been accepted as representatives of Schreiber High School in the following areas:

Kin Hi Leadership Camp - The Kinsmen Club of Schreiber are sponsoring Paul Caccamo for the annual leadership course at Quetico Centre in August. Paul, presently in third year, will attend this course which is designed to develop insight into democratic leader-

ship; to understand society's demands on a citizen; and to create awareness of one's own potential for growth.

Ontario Athletic Leadership Camp - Clover Dukes and Roy Huard will represent Schreiber High School at the Student Leadership Program at the Athletic Leadership Camp, Lonford Mills, this summer. This is sponsored by the Ontario Department of Education. The program is designed to develop leadership skills, athletic skills, organizing ability, self confidence and co-operative, responsible attitudes. It is administered by the Program Consultants in Physical and Health Education and a staff of Physical Education specialists.

Ontario Camp Leadership Centre at Bark Lake - Mark Stokes received his acceptance to attend the Ontario Camp Leadership Centre at Bark Lake, sponsored by the Ontario Department of Education.

This program is aimed at teaching camping skills and developing leadership in students who may, at some future date, partake in outdoor education. The Yough Voyage Program - Judy Chopty has been selected to participate in another program sponsored by the Ontario Department of Education in co-operation with the Travel and Exchange Division of the Federal Government. Judy, along with other students from this area, will visit in Chatham, New Brunswick, during the interval July 31st to August 9th. The participants in this program have an opportunity to: - meet and gain a better understanding of other Canadians who live and work in another province whose regional and perhaps cultural background differs from their own: - obtain first-hand knowledge of the educational, industrial, artistic and cultural development in another part of Canada: - exchange viewpoints with other students, discuss different ideas and plans for the future, enjoy the social activities of another locality, and form rewarding friendships: - to sense for themselves the physical excitement of this country and share that experience with a group of other students.

Congratulations are extended to the above mentioned students. Jacqueline Zborowski has been nominated to participate in a two-way exchange of young people, arranged by the Department of Education and the Government of France. Her acceptance is pending.
