

K of C Trophy Winner - cont'd from page 1

J. Chapman and T. Olsen tied in the "B" event.

Roy Cornfield and his crew are endeavouring to give us the best course in Northern Ontario. How about giving them a hand by replacing divits and not throwing paper etc. on the fairways.

There are trash cans at each tee. Please use them. By replacing divits you enjoy your game better because of better fairways. Pieces of trash sometimes look like a ball which can cause delay in finding your own.

7¢ DEFINITIVE POSTAGE STAMP

The Post Office Department's new 7 cent definitive postage issue went on sale June 30th.

In view of the fact that Bill C-240 for the new First Class rate structure going into effect July 1st has just been given approval, the period for placing orders for First Day Covers is being extended for stamp collectors.

The steel engraved design for the new issue was produced by the Canadian Bank Note Company of Ottawa. The stamp is green in colour and measures 24mm by 20mm. The continuous printing of the stamp will be done by the British American Bank Note Company of Ottawa.

The new stamp is the latest addition to the definitive series inaugurated on February 8, 1967. Each of the designs for the first five denominations in this series depicts one of five major economic regions of Canada. When the 6¢ value was introduced November 1st, 1968, its design continued page 10
