Serving The District

July 21, 1971

COUNCIL QUOTES

Terrace Bay Town Council met in regular session, with Reeve Cavanaugh, Councillors Bray, Chisholm and Kennedy present.

After the minutes were adopted, a resolution passed by the Township of Marathon was read, endorsing the proposal for an expansion to the existing Pinewood Court, Home for the Aged, and stating further that they cannot endorse the suggestion that further homes be established in small communities. This resolution was unanimously endorsed by the Township of Terrace Bay, and the Board of Management will be so advised.

A proposal submitted on behalf of a prospective Motel builder was requested to be deleted from the agenda.

Due to the nature, and the hours depending thereon for his livelihood, Jack Caccamo has regretfully submitted his appreciation to the Reeve and Council as well as Clerk Hanley, for the co-operation and good fellowship he had enjoyed tremendously over his term of office. The resignation was accepted with sincere regret, and with a hearty vote of appreciation to Jack, for the contributions he has made on behalf of the citizens of Terrace Bay as Councillor.

Reeve Cavanaugh wrote a letter to the Association of Mayors and Reeves, pointing out that although there are many member small municipalities from the District of Thunder Bay, yet there are not representatives on the executive of the Association from these small municipalities, and he requested that the nominating committee consider this item prior to the next convention.

A letter of acknowledgement was received from the Board.

DR. D.J.M. McCAUSLAND BURSARY-SCHOLARSHIP AWARD

In August, 1970, the citizens of Terrace Bay honoured and paid tribute to Doctor Mike McCausland for 25 years of devoted and untiring service to this community.

To commemorate this occasion, donations were received and placed in Trust as a Bursary-Scholarship Fund. The amount of interest derived from this investment makes up the money awarded each year to the student or students qualifying for the bursary. The Trust is presently administered by the following trustees: H.J. Boudreau, Secretary-Treasurer; A. Pattison, Chairman; W.W. Rowsome, Principal Terrace Bay High School; B.C. Stewart, Principal Schreiber High School; Dr. D.J.M. McCausland, Special Consultant.
