THOUGHT OF THE WEEK

Between the great things we cannot do and the small things we will not do ... the danger is that we shall do nothing.

SCHREIBER CAMPUS STUDENTS ATTEND LAKE COUCHICHING

Clover Dukes and Roy Huard selected from the student body to represent Schreiber High School at the Ontario Athletic Leadership Camp, submitted the following reports of their program.

My arrival on July 20th at Lake Couchiching was the beginning of the two most important weeks of my holidays. Prior to registration each leader was issued an identification tag with cabin number, bunk number and swimming status. Cabin 29 of Hillside was to be my home for the next fourteen days.

Each day I was involved in track and field, badminton, aquatics and tennis. Camp life also involved competitions, sing-songs and campfires in the evening. My cabin won the O.A.L.C. Summer Olympic games and we each received a medallion. Classes and seminars were held in leadership development and athletics in high schools.

The two weeks were terminated with an Awards Banquet. We departed the next morning with memories of the new people and experiences we had met.

Clover Dukes.

During the month of August, I had the privilege of attending the Ontario Athletic Leadership camp, which is sponsored by the Ontario Department of Education.

During my two weeks there we went through a rigorous program, participating and learning skills in Badminton, basketball, wrestling and Track and Field. We also took part in the day to day running of the camp. There were 216 boys in the session I attended.

I wish everyone had the opportunity to attend this course as it was both educational and enjoyable. I thank all those who made it possible for me to attend.

Roy Huard.
