PARTRIDGE MAKES WRONG TURN OFF

- by Terry-Lynn Birch - Schreiber Public School.

While sitting in the Grade eight room doing our Geography there was an awful noise. We all jumped. This was an unexpected accident. Mr. Quinton went in the office. Right away every-

one thought of a rock. But of all things it was a partridge. So he went around to show everyone.

Then everyone yelled! Can I have it? So Mr. Quinton told Bruce that he could have it. He went into the teachers room and put it in a bag and gave it to him. When Mr. Cressman came in with an astonished look on his face, he asked Mr. Quinton what had happened. He said "we just threw a pupil out the window". But of course he was just kidding. It was really a partridge.

On our way to our home room Bruce said "Now I can go home and tell my mother I shot a partridge at school."
