### Letter of Interest - cont'd from page 2 .....

Force is given in ALL schools in the District of Thunder Bay however remote that school might be. We are very proud of these safety programs, as we know we have kept accidents involving children to a very minimum. These programs not only cover highway safety but also Hydro, Trains, Snow Machines, Water Safety, Child Molestation by Sex Deviates, School Bus Safety, and it also covers safety in the home.

I might add that these programs, conducted by the Accident Prevention Branch of this Force, are not a cure all. There are numerous other areas of safety that must be taken into consideration, not within our jurisdiction.

Prior to leaving to curl in Scotland, Peggy Wellings was entertained by the Kimberly-Clark Office Girls at a cocktail hour and dinner at the Terrace Bay Motor Hotel.

On her arrival, Peg was presented with a pumpkin corsage, decorated with heather.

Scottish music was played during the dinner and a farewell gift was given to Peg, on behalf of her co-workers.

Peggy was selected by the Canadian Ladies' Curling Association to be one of two representatives from Ontario to represent Canada on a curling tour of Scotland.
