

Guess who's doing the dishes

For years, doing the dishes has been one of life's necessary evils.

But now, because of automatic electric dishwashers, more and more people are finding out it's an *unnecessary* evil.

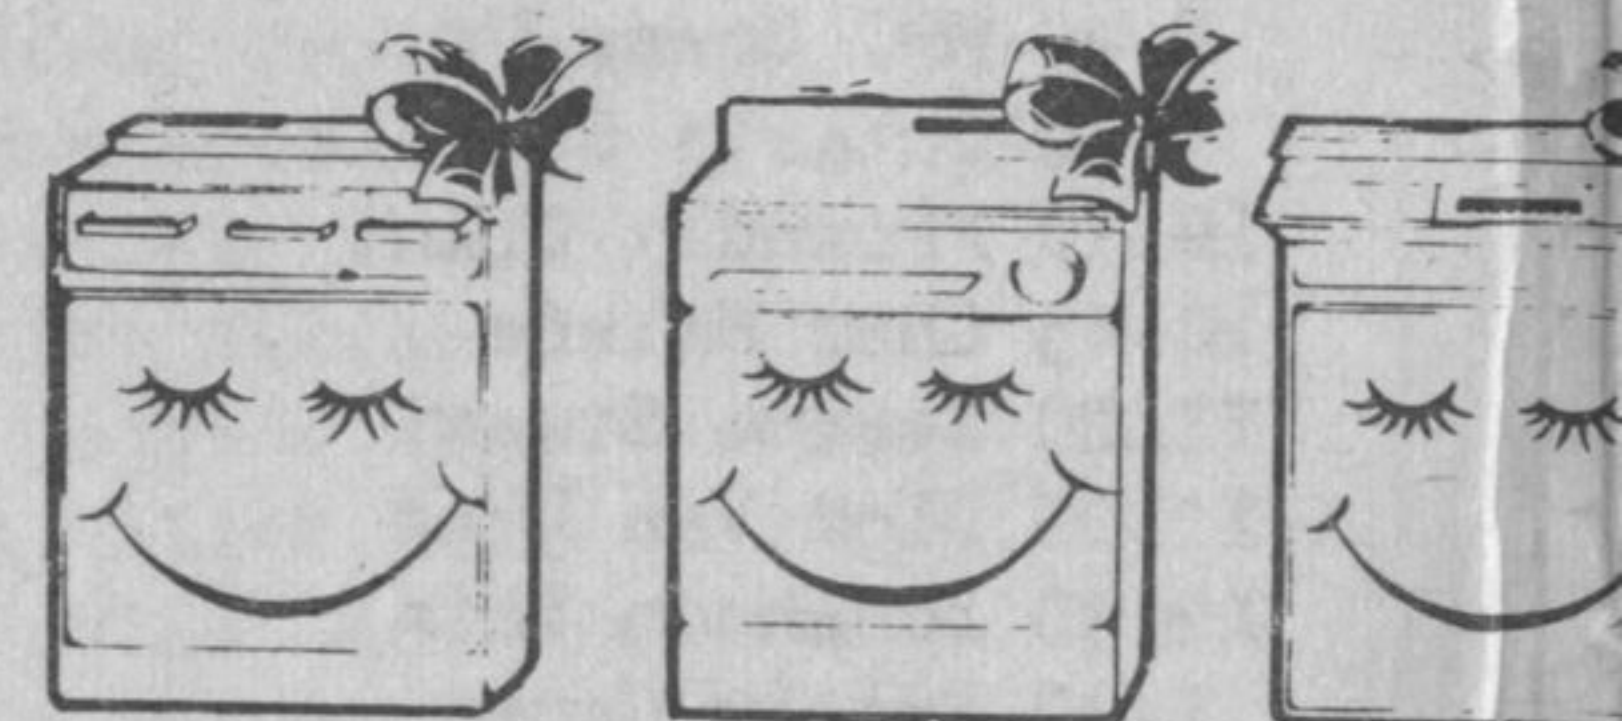

Consider some of the things an automatic electric dishwasher can save wives from. Things like: the dreary routine of washing and drying pots and dishes day after day; the worry of dishpan hands, the

after-party aftermath; and the hours spent doing dishes that could be spent in a hundred happier ways.

Consider this, too. A lot of dirty dishes come with the joys of Christmas. So what could make a more timely gift than an automatic electric dishwasher?

See your appliance dealer soon about the new automatic electric dishwashers. They're not called The Wifesavers for nothing, you know.

SELF-IMPROVEMENT COURSE

As a result of numerous attempts made by the Recreation Office in the last three weeks to secure an instructor for the Self-Improvement Course, the Recreation Office is pleased to ann-

ounce that the services of an instructor have been obtained. However, since it took close to three weeks to obtain an instructor, and we are now in the month of November, the Self-Improvement Course will have to be postponed until early 1972. Sorry for the inconvenience; however, there was no other alternative as many unforeseen problems arose in connection with this course.

The Recreation Office will be retaining the original registration list, and based on the amount of people that will be limited to taking this course, registrants will be notified accordingly.

If you have any questions regarding the Self-Improvement Course, please do not hesitate to call the Recreation Office.
