

Grade 8 Trip - cont'd from page 11

that this money should, as far as possible, be earned by the students. To help do this, the students are making themselves available to the people of Terrace Bay to do any sort of job: Babysitting, household chores and cleaning jobs, snow shovelling, etc. Within a few days, each home in Terrace Bay will receive a notice listing the names, addresses and telephone numbers of all the Grade 8 students at St. Martin's School. The Class Secretary has also written to Leon Mangoff to have this campaign announced on his Northern Ontario Network program heard each weekday morning.

This will be a year-long campaign. The students will be ready, willing and able to accept job assignments from now until June and are hoping that you, the people of Terrace Bay, will support their efforts by hiring them. If you're looking for a babysitter or a snow-shoveller, or if you want your cupboards cleaned or your floors "stripped", why not give one of these students a chance?
