

Ceramics Course - cont'd from page 5

and registrants are asked to return their completed forms to the Recreation Office by THURSDAY, NOVEMBER 18th.

Since the course will be 10 weeks in duration, it is hoped that the first session can be scheduled for next Thursday, November 25th.

All registrants will receive a phone call from the Recreation Office advising them of the starting date.

HELP URGENTLY REQUIRED - GIRLS RINGETTE

Several weeks ago, the Recreation Office for student and / or adult asked for help in running a girls Ringette programme this winter. To date the Recreation Office has received one name.

In order to provide a programme of Ringette, another two or three students and / or adults are required.

Girls Ringette is a fast-growing sport along the North Shore area and it is hoped that Terrace Bay will have representation at several tournaments that will be sponsored in the North Shore communities. We presently have 25 girls registered from ages 12 to 16.

In order to carry out this programme YOUR HELP IS REQUIRED. Offering your services would mean one to two hours of your time weekly. Games will be scheduled on week nights and weekends to accommodate any adults who might be interested in helping. Call the Recreation Office if you are willing to help. Rules are very simple and easy to learn.
