

# Canada Works

## You can be a moving force in creating jobs for Canadians.

Canada works when Canadians get involved together. So the Federal Government is putting 498 million dollars to work, through a series of specific programs, to help create jobs for Canadians.

### CANADA WORKS WITH YOU

You're a major force in making the program work. We're counting on you, either on your own initiative or through your community groups, to come up with ideas for the Local Initiatives Program. For example, you may have a social service project or an idea such as a cultural program, improvements to substandard housing, assistance to the handicapped, or others that create employment and make your community a better place.

The Training-on-the-Job Program will expand opportunities for training for those who are unemployed or have little work experience, and will work through business

by financing additional capital works projects throughout Canada. We'll be speeding up the program of the Central Mortgage and Housing Corporation to get more homes, student housing, and sewage treatment projects under way.

Loans will also be made to exhibition commissions, boards and associations to get people working on multi-purpose fair and trade buildings.

### CANADA WORKS WITH FEDERAL PROJECTS

There will be more job opportunities in expanded maintenance and improvement activities on Federal buildings; transportation facilities; forest and park projects; and many others.

### WHERE IT ALL WORKS TOGETHER

It starts at your Canada Manpower Centre. For advice and assistance on any of the programs you feel apply to you or your

### HORTICULTURAL SOCIETY ANNUAL MEETING

The Terrace Bay Horticultural Society held its 1970 Annual meeting on Nov. 19 in the Recreation Centre, with Mr. John Steen in the chair.
