OUR BOX ART

Our class watched a film on box art. Our teacher asked us if we wanted to make some things out of boxes. We said we wanted to. The teacher said it would take two or three weeks to collect all the boxes.

After we collected all the boxes we needed, we started to make things with our boxes. I wasn't at school when the other kids started. When I got back they were finishing up so I made something small.

OUR BOX ART

Grade three saw a film on box art. Lots of children decided to make hotels and Barbie houses. Sylvia made an elephant circus. Andrew and Peter made a church and a train. Patrick and Russell made a Ski-doo and I made a dog. It took us a whole week to do our box art. We had to glue or tape the boxes together and paint them. I painted my dog brown and glued a brown braided tail on him.

OUR BOX ART

Russell and I made a Ski-doo. We used only three boxes. It wasn't hard making the Ski-doo. We made skis with it. We painted it yellow and black. There is a tool box under the seat. If we run out of gas, we have extra gas under the seat.
