### SELF-IMPROVEMENT COURSE POSTPONED

The Recreation Office experienced numerous problems in attempting to sponsor a Self-Improvement Course for the 70 girls that registered back in October. When final proposals were received by the Recreation Office from the various modelling agencies, a special meeting was held with all those who registered. Results of the meeting indicated that a great percentage of those who had registered for the course were now committed to other winter activities such as figure skating, badminton, etc.

Rather than cancel the Self-Improvement Course because of the low registration number, the Recreation Office has now made arrangements to hold the course during the latter part of April and early part of May. All conditions concerning the course remain the same and all those who originally registered for the course will be contacted by the Recreation Office during mid March to determine if they are still interested in taking the course.

For further information, contact the Recreation Office at 3542.

### JUNIOR BASKETBALL PROGRAMME

Everyone taking part in this programme should be at the High School at 10:00 a.m. for this Saturday only. All registrants will be informed of the registration fee in order to continue in this programme.
