BIG RED MACHINE

If you weren't at the Arena last Friday night, you missed one of the best hockey games played here in a long time.

The Terrace Bay Midgets, better known locally as "The Big Red Machine", hosted their last home game of the regular season against Manitouwadge. The visitors were one point ahead in the championship race coming into the game.

Close to 200 people were on hand to help spark their team. Their cheering really helped as Ron Zwaresh opened the scoring at 2:45 of the first period. Tension and excitement increased into the third period during which a total of seven goals were scored between the two teams.

The Big Red Machine gained first place position by 1 point by winning the game 6 - 4. Ron Zwaresh and Dale Randa each scored two goals and Mark Daskewytch notched one. Bevin Schritt had a Happy Birthday as he gained a goal and an assist.

In Manitouwadge on Sunday, a good-sized contingent from Terrace Bay watched their team skate to a 6 - 6 tie. The Manitouwadge team had to work hard for the tie as they scored the equalizer with a mere 40 seconds left in the game. The fans from Terrace Bay showed their disapproval of the poor officiating several times.

However, this tie was all the Big Red Machine needed to sew up first place to win the pennant. As a result, Terrace Bay now has the advantage of hosting two out of three play-off games on home ice. The playoffs are scheduled to begin this weekend against Schreiber.

Watch carefully for the exact time then come out and enjoy a fast calibre of hockey as you support your future hopes for the North Shore trophy.

TERRACE BAY BOWLING ASSOCIATION

It looks as though what I said a couple of weeks ago is really true, i.e. Practise Makes Perfect! This is what it looked like for the week of bowling starting Feb. 14, 1972. Here are a few of the scores.

In the Mixed League, V. Costa rolled the high single with 278 and C.J. Wallin had 285. Other scores such as the high triples for the year are held by B. Lundberg with 722 and Marion Reid at 729.

Marion related to me that it took her a 266, 229 and 234 to get that score (I hope they are correct).
