

ST. ANDREW'S CHURCH

Due to the resignation of the Rev. E.C. Prinselaar effective June 30th '72, the Board of St. Andrew's United Church-Schreiber, has decided to approach the congregation by means of a letter and questionnaire which will be followed by a personal visit to be conducted on Sunday, March 19th.

The purpose of these activities will be to determine the potential support amongst members of the congregation.

Due to changes in the community which have affected the membership of the congregation, the church finds itself at the crossroads and must consider its future.

The visit planned for March 19th will give the answers to the questions which are presently raised. The community will follow the developments of Schreiber's oldest church with interest.
