

CANADIAN CANCER SOCIETY

April is campaign month for the Canadian Cancer Society, so let's "Give Hope A Boost" so that "Cancer Can Be Beaten".

The Canadian Cancer Society, through research, keeps working to find a cure for the dreaded disease. Give encouragement to the thousands of volunteers who dedicated their time and talents to making the cancer patient's life a little easier and a little more pleasant.

You can also help beat cancer with your prayers and your financial support. Through your gift to the Canadian Cancer Society you assist reasearch scientists to improve methods of treatment and cure. Many lives are already being saved through better medical knowledge.
