Minor Ball Programme Postponed Until September:

The Minor Ball programme for both boys and girls which normally operates in May and June will have to be postponed until later on in the year. This decision had to be made due to the fact that the St. Martin's field will not be available because of expansion to the school and the Athletic Field ballfield will not be prepared and ready to go until August.

When everyone returns to school in September, a very short league will be operated.
