Awards for outstanding safety performances, and seek ways of further improvement in safety records. This Conference will celebrate the reduction of personal injury frequency of 68.2% over the past 25 years for the Woods operations and a reduction in personal injury frequency of 66.8% during this same period for Mill/Plant operations.

In recognition of the safety record established in 1971 by the employees of the Terrace Bay Mill, the "Safest Mill in Ontario" award will be presented during the Safety Conference to the Kimberly-Clark Pulp and Paper Co. Ltd., Mill Division. The Woodlands Division of Kimberly-Clark will also receive a similar award for their safety record in 1971.

The Conference will be chaired by Mr. J.C. Wig, President, W.K. Voss, Vice President of the Association, Mr. R.E. Powell, General Chairman, Northwestern Woods Branch, Ontario Pulp and Paper Makers Safety Association.

ST. MARTIN'S SCHOOL WALK-A-THON

The weatherman wasn't as co-operative this year as he had been in the past two years, but the participants in the Third Annual Walk-A-Thon had a pleasant, if somewhat cloudy, day to cover the 20-mile route from Terrace Bay to Schreiber and back. Once again this year the residents of Terrace Bay showed their generosity by sponsoring walkers in this project to raise funds for the grade eight class trip to Toronto next month. If all money that has been pledged can be collected, the class bank account will be able to cover all the expenses for their five-day stay in the province's capital. Any money still outstanding can be turned in at St. Martin's School any day this week, 4:00 to 5:00 p.m.

In all, there were 172 participants officially registered in this year's Walk-A-Thon. Many others walked unofficially, just for the fun of it. Statistics are available only for those who were officially registered and, of those 172, only 8 dropped out before reaching Schreiber. There were 50 walkers who terminated their walk in Schreiber at the 10-mile point, leaving 114 others to head back to Terrace Bay. 93 determined (and tired) participants completed the whole 20 miles.

The first three to cover the 20-mile route were Ed Angus, Mike Stortini and Allen Theriault. They walked, ran and jogged the distance in just over 3 hours.
