ANNUAL ARTS AND CRAFTS SHOW

The bright new auditorium of the public school in Schreiber provided a perfect background for the more than fifty paintings on display at the annual Arts and Crafts Show of the local clubs.

Several techniques were used, such as pointalism, brush and Palette knife shown in oils, acrylics and oil pastels.

Among the many craft exhibits were leather work, lamp making, hooked rugs, quilting, bead work, plastics and others. Attracting much attention was a lamp made of two calenders, the one inverted, and clocks made of fry pans.

Mrs. Alice Sparkes, leader of the Art Club and Mrs. Bonnie Dye, teacher of the Crafts club received many compliments on their groups' work.

The two clubs will recess until Fall and anyone wishing to join may contact any member for further information.
