### Board Meeting - cont'd

It was agreed to proceed with educational television in Terrace Bay through the community cable system and that Manitouwadge, Marathon and Schreiber be afforded the same privilege.

Two persons will be hired to assist with the cleaning of Marathon high school for a maximum of ten hours per week, each at rate of pay of \$2.10 per hour, as required.

The Board supported the Dryden Board of Education requesting the Minister of Education to revise the grant structure of pupils enrolled in Schools for the Trainable Retarded, with a view to placing these students in a distinct different category for grant purposes, and that the per pupil cost be established on realistic basis related to the total ordinary expenditure for pupils in the Trainable Retarded Schools.

The Board also supported the motion passed by Wentworth County Board of Education regarding the proposed legislation removing the two-thirds maximum limit of Boards' contribution to various health insurances, worded as follows: "At this time of financial stringency and rising taxes, the Wentworth County Board of Education strongly deplores the proposed legislation removing the two-thirds maximum limit of Board contribution on Group Life Insurance, Ontario Health Insurance and Supplemental Hospital and Medical Insurance. This legislation will substantially increase the cost of education to taxpayers throughout the Province and it will remove financial Responsibility from where it properly belongs, namely those who are receiving the increased benefits."

The next meeting of the Board will be held on August 23, at 7:00 p.m. in the Marathon High School.
