

### RECENT VANDALISM SHOCKS COMMUNITY

The vandalism which took place in St. Martin of Tours Church last week has shaken every member of this community, to the depths of their being.

One cannot conceive of how sick a mind must be that would desecrate a church. Destroying public property, writing dirty words on walls, destruction in schools and parks is hard for normal people to understand.

But one wonders what kind of a sick or deranged person would go into a church such as St. Martin's and deliberately deface and destroy the house of God.

It is to be hoped that these persons will be found and given help or put away because surely they are a menace to our town and to their fellow humans.

#### From the Ontario Government

Pamphlets giving distribution of Hatchery - reared fish in Geraldton district 1972. available at the Library.

#### Playground News - cont'd from page 5 .....

Regardless of the bad weather, the 10-12 year old boys went for a fishing trip to the dam last Friday evening. Although no fish were caught, the boys did see quite a few fish jumping in the water. The 7-9 year old boys and girls, because their swimming party had to be cancelled, went for a hike instead and the 10-12 year old girls held a bowling tournament.
