

Tennis Courts - cont'd from page 9

tennis players to fully enjoy the game. Park benches will be placed outside the fence for such spectators.

Motor vehicles are not allowed on the Community Playground without authorization. Please park on the street.

Members are asked to help in keeping the courts in top condition.

A tennis tournament will be held for members in mid-August to promote interest and competition.

Ladies' Fastball:

Interested parties have contacted the Recreation Office concerning the formation of a Ladies' Fastball Club.

Application forms will be available at the Arena and from G. Speck for those females from age twelve and up.

Exhibition games with Manitouwadge and other towns will be obtained as well as a local league.

Swimming:

Although inclement weather has prevent actual water participation for several days, the swimming course under the direction of Chief Instructor Connie Bryson is progressing very well with over one hundred registrants.

Instructors Geraldine Belliveau, Joan Persson and Janice Wilson are doing a tremendous job in assisting Mrs. Bryson.

Examination day is set for August 16th.

Art Trek:

Art Trek will be visiting Schreiber from July 31 to August 2. Roberto Carbone and Robert Hirano will be the two artists spending time teaching various skills. Mr. Carbone's speciality is painting while Mr. Hirano is a sculptor.

Persons interested in taking part can do so free of charge by contacting G. Speck.

Art Trek is sponsored by the Youth and Recreation Branch.

Environmental Awareness Programme:

Schreiber's Environmental Awareness Programme is well under way with over fifty registrants from the age of twelve to nineteen participating under the direction of Mr. P. Mulligan and Co-ordinator Mr. J. Comisso.

A grant of three thousand dollars was made available to the local interest group under Project S.O.L.E. S.O.L.E. (Summer of Learning Experience) is a project sponsored by the Youth and Recreation

Branch of the Ministry of Community and Social Services with the area supervision of Miss Marilyn Ingo.

The original plan to purchase three canoes has mushroomed into seven canoes to accomodate the large number of enthusiastic Schreiber youths thanks to Reeve Harness and the Town Council. As the grant budget could not support additional expenses, the Council alloted money for the purchase of four more canoes. Four tents, life jackets and compasses has been also purchases.

The initial traning consisted of canoe instruction dealing with paddling, steering, portaging with a strong emphasis on canoe safety.

Overnight and several day trips to lakes and rivers that are not frequently visited are planned in the weeks to come.

Becoming more aware and appreciative of our surroundings is the ultimate aim of the nine week course. A study of organic foods is an additional facet as well as map study and compass reading.

It is hoped that this course can be expanded into the schools and carried on throughout the winter.

Since the natural resources of our environment are the most readily available they can not help but play an ever increasing role in our everyday life.
