

**Workmen's Consultants - cont'd from page 10 .....**

Previously we operated in Toronto with the financial assistance of the United Church, Opportunities for Youth and private donations. This summer we have opened regional offices in Sarnia, St. Catharines, Sudbury, Thunder Bay, London and Kitchener Waterloo - but this is only possible through the donations of concerned parties.

For the past two months we have been serving the Thunder Bay area and are now ready to get directly involved with claimants in the outlying areas.

The procedure that must be followed is simply to write or telephone or come and see us and then state their W.C.B. claim number and any problems they are having with the Board.

The Injured Workmen's Consultants is located at 189 Arthur Street, Basement 39, Thunder Bay P, Ontario. Phone 345-1702.

In 1972, the Canadian Red Cross Blood Transfusion Service will require approximately 1,000,000 units of blood to meet the needs of patients in Canadian hospitals nationwide.
