Town Topics

Mr. and Mrs. David Skwarek of Winnipeg are visiting his cousin Mike Chepelsky and Mrs. Chepelsky.

Sympathy is expressed to Mrs. Jessie Ratchford with the sudden passing of her husband Bert, on July 12, 1972.

A surprise Miscellaneous-Bridal shower was held to honour Miss Cathy West prior to her marriage to Mr. Bill Stachiw. Held in the home of Mrs. W. Stachiw, hostesses assisting were Mrs. Judy Nicol and Mrs. Julie Cowan. Cathy was presented with a rose corsage on her arrival and seated in a decorated chair. Many beautiful gifts were opened by Cathy which came from an appropriately decorated basket.

STORK CLUB

Born to Mr. and Mrs. R. Laybourne of Terrace Bay, a boy on August 9th, 1972.

Born to Mr. and Mrs. Joseph Marcella of Terrace Bay, a girl on August 14, 1972.

PLAYGROUND NEWS

Plans are underway for wind-up events for the Summer Playground program.

Thursday evening at 7 o'clock in the high school gymnasium the Playground children will be performing in a Playground Entertainment Night. This will be an hour of songs, skits and dancing as well as the presentation of Track and Field awards and priz-

es to the winners of the Anti-Pollution Poster Contest. (Remember deadline for posters is August 14th. See the poster in the Recreation Centre for further details).

Parents and friends are very cordially invited to attend this entertainment night to be pleasantly entertained by their children.

On Friday, August 18th, a Family Supper is being planned, to be held out at Rainbow Falls. Further details will be brought home by the Playground children, concerning the supper.

This event was a huge success last year so bring the family and come on out!

LAKESHORE COMMUNITY TELEVISION

For some time now, television reception in general has not been what we would like it to be, therefore we feel that an explanation is in order.

About one month ago, WLUC TV, 6, announced a change of tower site during the construction of which, outlying areas would not be expected to be up to par. They have not completed this change-over as yet, but we expect this to take place within the next week or two.

WJMN TV, 3, has been operating on the cable for about two years on an experimental basis only pending arrangements with the Canadian Radio & Television Commission for permanent permission to carry same. Until permission is obtained, we do not feel that large capital expenditures are indicated.

It would appear that the CBC programming as of late leaves a little to be desired and in this respect we can do nothing.

In May of this year, we filled a letter of intent with CRTC proposing a relay system to the North Shore area ensuring reliable Television reception with a choice of programming, but to this date no decision has been forthcoming.

We will have our new antenna site in operation sometime during October and it is hoped that this will effect an improvement in the reception of presently received channels.

Anyone interested in learning further of our planning may do so at our office during regular business hours.

Bert Lohr.

Regardless of tree size, height growth is caused by soil division of a small group of cells at the extreme tip.
