

Mrs. Lemieux - cont'd from page 6

step children Arthur Lemieux, in Schreiber; Marie (Mrs. Joe Stinson) Sarnia; and Jeanette (Mrs. Oscar Paradis) Sturgeon Falls, and thirty-seven grandchildren.

Mrs. Lemieux, still a tiny, vivacious person, with a fascinating French-English speech, has always been an ardent fan of the Leafs' hockey team, and many delightful stories of her loyalty are treasured by her family and long time friends. Once, when the Leafs suffered a crushing defeat, her telephone rang - and, she would not answer because she knew it was her son Gerard, in Vancouver, calling to twit her. And, when the Leafs changed their goalie taking a member of an old foe-Mrs. Lemieux couldn't bear the awful sight of him in the Leafs' goal-but-neither would she miss the game, so she solved the problem neatly, by covering up the screen of her television - but left the sound on.
