amounting to over \$34-billion. Of that amount, nearly \$5.5-billion have been purchased through Payroll Savings Plan instituted in thousands of business establishments for their employees.

Last year, a record \$328-million worth of Canada Savings Bonds were purchased through the Payroll Savings Plan by more than 675,000 individual purchasers.

Canada Savings Bonds are available to all Canadians, either through the payroll savings plan where they work or by individual purchase for cash or by installments, at the local banks and authorized investment dealers, stock brokers and trust and loan companies.

Canada Savings Bonds play a dual role in the development of Canada. They help individual Canadians save, on a regular basis, towards achieving family economic goals while at the same time, playing a major role in the Federal Government's debt management program, thus providing a means whereby every Canadian can become directly involved in financing his country's growth and future development.
