GRADES 7 AND 8 OF T.B.P.S. EXCURSION

On the cold morning of November ninth of this term, the Grades seven and eight had a trip to Longlac with our teachers Mr. Davey and Mrs. Costall. After travelling quite a way up Spiddells Road we stopped and viewed the cutting operations. Many questions were asked and interesting answers were given.

After a quick lunch in Longlac, one half of us went to the Weldwood, plywood mill and the other half went to the Kimberly Clark lumber mill. After a period of about one hour, we switched. At both operations, the tour guides gave us a detailed explanation of the activities taking place. The ride home seemed long but it gave us time to reminisce over the day's activities.
