## LOCAL ELECTION - DECEMBER 4th

An elector may vote for one only candidate for the office of Reeve.

For any other office, an elector is entitled to vote for as many candidates for such office as there are candidates to be elected but once only for each candidate. Voting for more candidates than the number required for a particular office constitutes a spoiled ballot for that office. Voting for less than the number required DOES NOT constitute a spoiled ballot.

An elector must proceed into the compartment provided and shall then and there mark his ballot paper with a cross or other mark with a pen or pencil within the circle to the right of the name of a candidate for whom he intends to vote.

### Attention Candidates:

In last week's News we were able to interview Reeve candidates for Terrace Bay.

It was hoped that we would have other candidate interviews for this week but due to a limitation of time, this was not possible.

Therefore, we are inviting all candidates from Schreiber and Terrace Bay to submit a short resume of themselves (free of charge) for next week's issue. These must be in our office by noon Monday, November 27th. If you need any help, please feel free to call this office.

Check elsewhere in this weeks paper for advance polling days.
