

Recreation News - cont'd from page 15

ton Club have been donating their time to instruct the Junior Badminton players. The more people who volunteer their time to instruct results in less time spent by each instructor at the High School. If you are familiar with the game and feel that you would like to assist with the instruction of this program, will you please call the Recreation Office and leave your name. Our thanks to Mr. Lionel Waghorn and Mrs. Rosalind Kenney for instructing last Saturday's sessions.

## CANDIDATE FOR COUNCILLOR

# R.B. (BOB) SPADONI

On December 31st of this year, I will have completed seven years on the Town Council and have tried to do my best in promoting the economy of the Municipality of Schreiber. In the past years as your Councillor, many projects have become a reality and a good example is the "Highway Lighting".

During the coming term 73 and 74, there will be around two million dollars spent in the Municipality of Schreiber covering "New Sewage System", "Nine Miles of Pavement", and a good number of other projects.

I believe it is imperative that experienced men represent you to keep your taxes at a minimum in the next two years. I am again offering my services and if you are pleased with past performances, I would appreciate your "Support" in the December 4th Municipal Election.

Sincerely,  
R.B. (Bob) Spadoni.
