

The Schreiber Art Club had a most gratifying weekend workshop under Mrs. Helen Strickland's guidance. The success of the event, all agreed, was due to Mrs. Strickland's very real interest and experienced suggestions, made in such an informal way that even those with but three or four lessons were encouraged to continue, when with a few strokes of her brush, she could show where the painting would be improved. The local Recreation committee, which sponsors the group were delighted with their enthusiasm.

Mrs. Strickland teaches in the North Shore communities and it is hoped she can arrange a 10 day workshop sometime in the Spring when there will be an even bigger class.

The club's officers are Shirley Brown, President; Rita McGrath, Secretary; Mary Shack Jr., Treasurer.

## TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

Here is a little girl who very much wants a Mummy and Daddy.

She asks her Children's Aid Society social worker often and wistfully if adopting parents have been found yet. The wait is beginning to seem long and anxious.

Patsy is a sweet, shy child, eight years old, Indian in descent. Sturdily built, she has brown eyes, black hair and clear olive skin. Her glasses are for astigmatism.

She is in opportunity class because her development is below the average for her age. But recent psychological tests indicate her ability will improve in a loving, stimulating home with parents to whom she is important.

Pleasant, affectionate and outgoing, Patsy is highly strung in stressful situations but always responsive to love and encouragement.

Patsy goes to church regularly with her foster family and looks forward to Sunday School. She likes playing outdoors and thinks camping is great fun.

Patsy needs a mother and father in a home where the atmosphere is warm and secure.

To inquire about adopting Patsy, please write to Today's Child, Box 888, Station K, Toronto. For general adoption information, please contact your local Children's Aid Society.
