

Mrs. Betty Marshala who is the co-ordinator of the Family Life Program for the Kenora Separate School Board was guest speaker at the workshop sponsored by the Ontario Elementary Catholic Teacher's Association.

The workshop included parents and teacher's from St. Martin's and Holy Angel's Schools.

Betty stressed the importance of understanding the concept of "Family Living" which involves the whole person as opposed to "Sex Education" which involves only one aspect of the person.

The Family Life Program is being established in the two schools and the workshop presented an opportunity to parents and teachers for asking questions and sharing ideas.
