

What is Going on - cont'd from page 10

It seems now that since Council have been given the proverbial inch they are trying for a mile. After reading the Terrace Bay News of Dec. 6, I find that an additional by-law is to be prepared to further restrict the use of snow machines. I am convinced that Council did confer with the people at last winter's meeting regarding this proposed by-law.

I do not like behind-the-back laws being implemented that concern so many of the general public in this town without allowing them the opportunity of objecting. Remember Council, the public elected you to govern for them, not over them.

As a snow machine owner I have enough problems paying exorbitant

license and insurance fees, obeying Provincial traffic laws, and trying to get along with my neighbours without having additional restrictions placed on me.

There are many other communities in Northwestern Ontario that have no special by-laws governing the use of snow-machines. They simply enforce the Traffic Act.

This is a small community. If I wanted to live within the restrictive atmosphere of a city I would have chosen to live in one. Joe Marcella

**THANK YOU**

A very sincere thanks to my supporters on December 4 and a Merry Christmas and Happy New Year to all.

Lloyd Small

**THANK YOU**

I wish to extend my sincere thanks to all the people in Schreiber who supported me at the polls.

Special thanks goes to all those who worked and campaigned so hard for me. I will try to do my best to represent you on the council.

From my wife and family, we extend to you a Very Merry Christmas and a Happy New Year.

Robert Krause
